THOUSANDS DEAD AND HOMELESS IN HURRICANE

STATE DEMOCRATIC DELEGATES CHEER WOMAN NOMINEE

CHAIRMAN CRANE FLAYS HOODED ORDER FROM START

AUSTIN, Sept. 2.—Mrs. Miriam Ferguson assisted by her husband, James E. Ferguson, and nearly two thousand delegates counted out the Klan at the opening session of the Texas State Democratic Convention. Delegates cheered the woman nominee, while M. M. Crane of Dallas, temporary chairman of the convention, flayed the hooded order in savage arraignment.

The convention opened with prayer by Dr. Arthur Jones, President of the Presbyterian Theological Seminary of Austin. Mayor Yett of Austin welcomed the delegates.

AUSTIN, Texas, Sept. 2.—Entrance of an independent democratic candidate for governor in the general election and notice that injunction proceedings would be started to keep the name of Mrs. Miriam A. Ferguson, democratic gubernatorial nominee, off the November ballot, were the outstanding developments in preliminary sparring to the democratic state convention scheduled to get under way here at noon.

Dr. F. M. Hill of Bracketville declared himself as candidate for the governorship on the independent democratic ticket as opposed to the "Fergusons, the suffragists and the K. K. K."

Charles M. Dickerson of San Antonio served notice upon the democratic executive committee that he would seek an injunction to keep the name of the woman candidate off the general ballot upon the grounds that it was forbidden by the state constitution. Dickerson's action came after his motion had been turned down by the committee, who declared it could not go behind the official canvass of the Aug. 23 vote, which gave Mrs. Ferguson a majority of 97,732.

Ferguson supporters were apparently in control of the situation as the convention got under way. Jed C. Adams of Dallas was selected by the executive committee to succeed Thomas B. Love, resigned, as democratic national committeeman from Texas.

Former Senator Joseph Weldon Bailey was agreed upon for permanent chairman of the convention by the anti-klan caucus here last night with M. M. Crane of Dallas as temporary chairman selection.

E. A. Berry of Houston was put forward for chairman of the Democratic State Executive committee and former Governor James E. Ferguson was given a berth on the convention steering committee.

Ferguson's entrance to the state senate chamber at the caucus last night was the first time he had appeared in the hall since his impeachment as governor seven years ago.

Other members of the convention steering committee were named as Cecil Smith, Sherman; Paul Page, Bastrop; O. L. Stribling, Waco, and John Bickett, of San Antonio. Ed. Steger of Bonham was unanimously elected chairman of the caucus after his nomination by former Governor Ferguson.

The convention will be held in the senate chamber of the Capitol, where a seating capacity of 1500 has been arranged, in preference to the University gymnasium with a fifty per cent greater seating space.

Below, OSWALD G. VILLARD & LOU HOLLAND

Secretary of Commerce Herbert Hoover has called a Third National Radio Conference, to provide voluntary regulation of wireless communication in the United States, to meet in Washington September 30. Oswald Garrison Villard, editor of "The Nation," speaking before the Institute of Politics at Williamstown, Mass., denounced the United States' "big brother attitude" toward Latin-American countries and predicted a defensive league against the "Colossus of the North." Lou Holland, of Kansas City, Mo., president of the Associated Advertising Clubs of the World, which recently visited Paris, has been made a chevalier of the Legion of Honor by Premier Herriot, at the request of the French press. Major A. Stuart MacLaren, British around-the-world flyer, whose airship was wrecked in Siberia, is shown as he landed at Vancouver, B. C., on his way back to England.

BATTLE LINES DRAWN ON OUTSKIRTS OF SHANGHAI

By D. C. BESS.
(United Press Staff Correspondent)

SHANGHAI, Sept. 2. — Battle lines are drawn on the outskirts of Shanghai today and the first shots of a civil war which is expected to assume proportions greater than the Chinese revolution are expected momentarily.

Thousands of refugees are beginning to pour into Shanghai. Serious trouble is expected at any moment. Every attempt is being made to placate the hostile war lords, but so far all efforts have been futile.

Five Injured In Car Accident On Pike To Teague

While driving out the Tengue Pike last night about 7:30, Mrs. Jake Propp of South McKinzie lost control of the machine which she was driving and plunged into a ditch slightly injuring four of her five children who were riding with her and slightly injuring her self.

Eye witnesses state that she was driving at a moderate rate of speed when she lost control of her automobile.

Passing automobilist rushed to their aid and soon took them from the wreckage, but found that no one was seriously injured.

Wilmer the oldest daughter suffered a cut ear and several bruises. Mrs. Propp and the other children with the exception of the baby suffered considerable shake up and minor scratches and bruises.

Dr. C. P. McKenzie was called and dressed their wounds.

Forest Fires Again Raging In Calif.

MEXICO REQUEST FOR ADMISSION TO LEAGUE UNMATERIALIZED

By United Press.

MEXICO CITY, Sept. 2.—The expected suggestion that Mexico will apply for admission to the League of Nations unmaterialized, in an address of President Obregon before the opening of the National Congress here last night. The President confined his remarks to purely local issues.

Tilden-Johnson In Game Today

By HENRY L. FARRELL.
(United Press Staff Correspondent)

FOREST HILLS, Sept. 2.—Two years ago young Vinnie Richards, making a desperate effort to win the American tennis championship, met Billy Johnston, the California star, in the semi-final round of the national tournament.

Richards fought so furiously that he carried Johnston into an extra set match and he took so much out of the little Californian that Johnston had nothing left when he met Bill Tilden in the final round and he went down.

There are possibilities for a repetition of 1922 in the final round for the championship this afternoon at the West Side Tennis Club when Tilden and Johnson take the court for the sixth game to decide the title.

Here Johnston slumped under the physical pressure and the nervous strain that the youthful Richards put him through in 1922, it is Tilden today who may suffer a relapse in form after the narrowest escape he ever had from losing his championship. Richards came within the proverbial flea's whiskers of downing the great champion yesterday.

"Tilden will feel the effects of that experience tomorrow and he will have to be all that Tilden ever was to beat Billy Johnston," one of the officials of the tennis association said after the match.

Johnston will never have a better chance to win back his former title than the one he will have this afternoon. Tilden will have to be the greatest player that ever lived if Johnston is in yesterday's form.

SIX KILLED IN CHICAGO TRAFFIC ACCIDENTS

CHICAGO, Sept. 2.—Six persons were killed in traffic accidents over the week-end in and near Chicago. Four were hurled to death when a Rock Island express train bound for Omaha crashed into an automobile load of persons on the South Side here.

Three others were badly hurt.

AMERICAN FLIERS BACK ON U. S. SOIL FOR LABOR DAY

ABOARD U. S. S. RICHMAND, Icetickle, Labrador, Sept. 2.—America's around-the-world fliers back on the North American mainland for Labor Day after their perilous flight around the globe, hoped to get away today for Cartwright Harbor.

If weather conditions are favorable the fliers may be in Boston before the end of the week. The planes call for a short jump, forty miles, to Cartwright Harbor today and thence to Boston via, Pictou, N. S., where they will be joined by Lieutenant Leigh-Wade, who was forced out of the flight on the jump from the Orkney Islands.

American World Flier Off Again

ABOARD U. S. S. MILWAUKEE, Indian Harbor, Labrador, Sept. 2.—American army round the world flight has been resumed. Plane two and four piloted by Lieutenants Lowell Smith and Erik Nelson took off at 11:20 on a forty mile hop to Cartwright Harbor. The next jump will be to Pictou, Nova Scotia, and thence to Boston.

VETERAN RACE DRIVER KILLED LAB'R DAY RACE

ALTOONA, Pa., Sept. 2.—Joe Boyer Jr. is dead.

The famous millionaire automobile race driver died today in an Altoona hospital from injuries received in the third running of the Altoona speedway race Labor Day, although doctors had held out hope that two blood transfusions and the amputation of his right leg would save him.

After a sensational spurt which finally brought him well up in second place and during which he made a new world's record by going more than 125 miles an hour in competition Boyer lost control of his car when the right rear tire blew up while he was making the 191st lap and crashed into the fence at the top of the bowl. There, both car and driver hung suspended for five minutes 25 feet from the ground, before he could be released. He was still conscious when rescued, but both legs were badly crushed. He was rushed to a hospital where he lingered in a semi-conscious condition throughout the night. Shortly after taking what doctors termed a turn for the better, he suffered a relapse and the end came.

Jimmy Murphy won the 250-mile race, with Tommy Milton second and Fred Comer third. Murphy's time was 2:11:58.

Young Stribling Wins From Fitzsimmons

MACON, Ga., Sept. 2.—Young Stribling won the referees decision over young Bob Fitzsimmons in a fast 10-round bout before the home folks Labor Day.

Stribling was on the aggressive during the entire battle and unofficial experts at the ring side awarded him all 10 rounds.

Referee Alexander, however, said Fitzsimmons had a shade the best in three of the rounds.

LONE ROBBER MAKES A BIG HAUL.

CINCINNATI, Sept. 2.—A lone robber held up and relieved James Moore of the Sterling Jewelry Co. of between twenty and twenty-five thousand dollars, shortly after Mr. Moore opened the store this morning. The robber gained entrance to the store in the guise of a messenger boy.

MEXIA BOYS LEAVE FOR THE WEST

Messrs Estell Everett, David Morrow and Jim Rhone left today by automobile for an extended trip through the west.

While away they will visit Denver, Salt Lake City, Seattle, Portland and California. They expect to be gone several months.

HEAVY RAINS FELL SUNDAY AFTERNOON

Heavy rains fell between Mexia and Corsicana Sunday afternoon. The rain was pretty general all the way and put a stop to cotton picking a short while Monday. The roads had just been put in good shape as far as Richland, however, which prevented traffic.

DANGER IS PAST IN MINERS' WAR

HERRIN, Ill., Sept. 2.—Sixty-five State national Guardsmen who have been guarding against repetition of Saturdays outbreak, have been withdrawn by Adjutant General Carlos Black. Seventeen men left, and they will all be withdrawn after the inquest of the death of the victims is held here Wednesday.

BULLETIN:

HERRIN, Ill., Sept. 2.—A direct appeal to Governor Small, over the head of Adjutant General Carlos D. Black, was considered today by leading citizens here who feel more bloodshed will follow withdrawal of state troops who came here Saturday night after six men were killed and many injured in riotinig.

Black told Sheriff Galligan and state's Attorney Delos Duty that he felt the danger was past, and said he considered removing the state troops today. But on vehement protests by Galligan and Duty, Black said he would keep the men here until Wednesday when a coroner's inquest into the killings would be held.

"The troops must be held here until we reassure the danger of trouble is past," Duty said. "If the soldiers are taken out of here within the next few days, no one can tell what will happen. One thing is sure—there will be no trouble."

Galligan also insists on the soldiers being held here for quite awhile.

Red Cross Is Called On For Relief Of Victims

By United Press.

WASHINGTON, Sept. 2.—More than a hundred persons are dead and two thousand homeless in the Virgin Islands, as a result of a hurricane last Thursday.

The Red Cross was informed in an appeal for relief supplies.

A further survey will probably reveal a greater casuality list it was indicated.

New York Suffering From Heat Wave

By United Press.

NEW YORK, Sept. 2.—New York sweltered again today in one of the hottest September days on record. Thousands suffered acutely from the high temperature combined with unusual humidity.

Yesterday was the hottest Labor Day on record, the thermometer reaching 92 degrees and driving the city's millions to beaches and resorts outside the city.

One man died from the heat and six were prostrated. Several other deaths were attributed indirectly to the high temperature.

KANSAS CITY, Mo., Sept. 2.—Kansas Citiians shivered in temperatures ranging from 46 to 67 following a rain-storm yesterday that sent the mercury down to the topcoat mark. Cool weather was to prevail today, according to the government weather.

Ancient Skeletons Found In France

By United Press.

PARIS, Sept. 2.—Professor McCurdy of Yale University who is making excavations for traces of men of the Cro-Magnon period in Northern France, has discovered what he believes is mute evidence of a prehistoric duel between the Giant cave men of the era.

The professor has unearthed a number of ancient skeletons one of them with a flint knife sticking in the ribs, indicating the man was stabbed, possibly over possession of a woman.

QUESTION AROUSED OVER REPRESENTATION

Quite a number from here are in Austin attending the State Democratic Convention. W. P. Alexander of Prairie Hill is chairman of the regular delegation. A. R. Henderson of Groesbeck is understood to be in Austin and was before a committee Monday, according to newspaper reports, seeking to seat another delegation from Limestone County rather than the duly elected delegation. Several Ferguson supporters are on the Limestone County delegation.

LOWER TEMPERATURE SCHEDULED FOR TEXAS

DALLAS, Texas, Sept. 2.—Scattered showers and lower temperature was scheduled for Texas today by the federal bureau to break the monotony of near-hundred degree temperature of the last few days. Although high temperatures have been general, they were not unseasonal. No prostrations or heat fatalities have been reported.

OKLAHOMA CITY, Ok., Sept. 2. After soaring to 96 degrees at 4:00 o'clock yesterday afternoon here a light shower last night sent the mercury hurtling down to 57 degrees early this morning with a cloudy sky. No heat prostrations were reported yesterday.

Miss Mattie E. Lewis and Masters Lewis and Jack Schutts of Fort Worth are visiting the families of Mr. and Mrs. G. A. Lyell, Mrs. J. B. Stevens, and Mr. and Mrs. Ozie Lewis.

STANDINGS SAME IN AMERICAN LEAGUE

NEW YORK, Sept 2—While the standing remained the same in the American League the holiday games placed the New York Giants in a more precarious position in the National League

McGraw's champions split even in a double header with the lowly Boston Braves while the Pittsburgh Pirates took two from the Chicago Cubs, and the Brooklyn Robins grabbed a pair from the Phils.

The Giants are now only one game ahead of the Pirates and only three games ahead of the storming Robins

The Washington Senators and the New York Yankees won both ends of their double-headers, the Senators taking the Athletics and the Yankees knocking off the Red Sox

The Senators still hold first place with a lead of a game and a half over the Yankee

EPINARD IS STILL FAVORITE.

NEW YORK, Sept. 2—Beaten but not disgraced in his first sprinting race over six furlongs at Belmont Park yesterday, Epinard, the French four year-old champion, will be the favorite in his next international race over the mile route at Aqueduct on Sept. 27, eastern horsemen believe

The French thoroughbred finished a quarter length behind the Western 3 year-old, Wise Counsellor yesterday afternoon

After a lot of bad racing luck when he was bumped around and thrown off his stride by Zev., the International champion of 1923, Epinard recovered and fought it out neck and neck down the stretch with Wise Counsellor and until the last few jumps it looked as if the French colt would win. The mighty Zez paid for the eagerness of his jockey to get him away and "run 'em out," as he spent himself and finished a not very good fifth.

FROM THE PEOPLE

At Davenport

Davenport, Aug. 28, 1924.

Dear Garland

The trip from Keokuk, Iowa to Davenport skirting the Mississippi River was less eventful than any part of our journey, I suppose due to the proximity of our destination and the fact that each mile only meant that much nearer to Davenport and the necessity of cleaning up and reappearing as civilized human beings.

Arriving in Davenport, we secured quarters for ourselves and the faithful Ford after which we scrubbed and doiled up preparatory to renewing of old acquaintances and friends We got here at 1 45 p. m. Saturday after being on the road for five days less one hour, 45 minutes. Figures gained by computing distances from place to placed showed we had covered approximately 1100 miles or more.

Anyhow we enjoyed every minute of our time and both of us look forward to the return trip which we expect to start upon Saturday going from here to Chicago, then to St. Louis, Cairo, Memphis, Little Rock, Texarkana, possibly Shreveport, Dallas, Home. We have had a lovely time here at least Harry, Jr., has. I have been in class most of the time even at night but what I have seen and learned has been worth all I have paid and more to because I am a bigger, broader and better man by my experiences and I will be in a position to accomplish more in a given space of time than is possible to imagine. Davenport is a seething mass of Chiropractors and the Mayor has turned over the keys of the city to us saying that we were priviledges to do as we pleased while here.

Will let you hear from me at Chicago or thereabout.

Harry A. Porter.

How to improve the kindergarten-primary courses of study now given in many teacher-training institutions is told by Nina V. Vandewalker in a bulletin recently issued by the Bureau of Education, entitled "And Evaluation of Kindergarten-Primary Courses of Study in Teacher-Training Institutions," Bulletin 1924, No. 3.

Nearly 50,000 children, about half of them girls, are now in more than 600 organized summer camps in the United States. In all the camps, probably without exception, special attention is paid to physical growth and "character building," with manual instruction in attractive form. Boy Scouts, Girl Scouts, and similar organizations are prominent in the field.

WHEN Dan took Evelyn in his arms and told her that he loved her she believed him.

In her ignorance of life she had no way of knowing he was not in earnest.

If she had known she was only one of many girls into whose ears he had poured the same sweet sounding words, what a world of shame and degradation she would have been spared.

"His False Standard"—in True Story Magazine for October is a story of the sowing of wild oats—and the reaping of a crop of agony. If every man and woman could see the broken hearts and ruined hopes, the days and nights of remorse and tears that follow wrong-doing—no young man would trifle with a woman's love and no girl would give her heart to any man until she had made sure that his intentions were honorable.

Don't fail to read this thrilling lesson from life.

Other Absorbing Stories from Life

Here are just a few of the unusual features in the October issue of True Story Magazine

"Her Final Choice"—Nina, an orphan, hungered for love. So when Peter Howe came into her life, she fell an easy prey to his cunning devotion. She little realized that in throwing herself into his arms, she was inviting tragedy.

"What Every Woman Hopes"—Living in the country, Madge thought no temptation of city life could ever lure her into wrong. But Madge did not know how easy and attractive each little downward step is made, and how fiercely she was to have to battle for her soul.

"The Network of Fate"—When Janet concealed from her husband that his friend, had made improper advances toward her—she believed her silence the only way to save her husband from ruin. How she had to literally claw her way out of hell as a result, is a most heart gripping narrative.

"You Belong to Me"—When Avery Nelson bullied her into a loveless marriage, Alice was glad to withdraw from an alliance that was loathsome to her. Had she been properly taught from her childhood days, what agony of mind and soul she might have escaped!

The Gage of Battle

In this country a mighty conflict is raging. Evil is battling to destroy all that is virtuous and good.

The weapons of Evil are deceit, treachery, cunning. It sticks in the shadows and attacks in the dark. Against such a foe, moralising says is little. The fight calls for *action*—determined, fearless. True Story Magazine, as published by Bernarr Macfadden represents that kind of action.

True Story needs but one weapon—the sword of truth. It can save others the tragedy of evil, if, it can show young people the perils and penalties of wrong—it will have gone far in its battle for Right.

"During those awful days of suspense both as to Evelyn's effort and—me, I passed through hell fires of suffering . . . and I learned that I loved Evel, I loved her as a man loves sunshine, and roses, and flowers, and all natural, wholesome things."

Westminster Foot-Ball Practice Starts

Monday afternoon Coach C. L. Lewis called for recruits for the Westminister football squad and eighteen men were present to answer the call. Lewis stated that he did not expect the majority of the men until Wednesday or Thursday but that those that came early would get good practice and have a slight advantage over those reporting later.

Equipment was issued to all of the men and a rather hard work-out for the first day was given. The work-out consisted of passing, side-stepping and lots of running.

Capt. Joe Potter has bright hopes for a winning football eleven at the college and promises the followers of the sprt good demonstratins of how the game is played.

Coach Lewis also states that he will be aided by Lawrence Reisor, star backfield man for S. M. U. last year, and that he thinks Reisor will be able to lend much aid to the eleven.

SAN DIEGO, Cal Sept 2—Imperial Valley, 100 miles east of here often regarded as the "greatest little valley in America," and where everything from lettuce to cotton is grown in abundance, has just shipped to market the greatest cantaloupe crop in its history

According to T L Williams, assistant general manager of the Southern Pacific Railroad Company more than 10,000 freight cars of cantaloupes were sent out of the valley during the present summer and excels the 1923 crop by more than 3000 cars

The 1924 crop was yielded from 30 000 acres Last year's crop was planted on 19,000 acres. June 26 was declared to be the peak day for shipments, when a total of 581 cars of melons were iced and packed for shipment

In the consumption of the crop, New York Pennsylvania and Illinois led the list of States.

The present lettuce crop from Imperial Valley also set a new record when 9,189 cars were shipped to markets throughout the country

The 1924 cotton crop also promises to be the largest in the valley's history While the cotton will not be picked for at least three weeks or a month, it is stated that more acreage was planted in cotton in Imperial Valley this year than ever before Cotton is by far the greatest crop raised in Imperial Valley

As a fitting memorial for California's first Christian martyr, killed by Indians November 4, 1775, a granite shaft will be erected in honor of Luis Jamie Jamie was killed during an attack on the San Diego de Alcala, of which he had charge at the time.

Westminster Foot-Ball Practice Starts

Monday afternoon Coach C. L. Lewis called for recruits for the Westminister football squad and eighteen men were present to answer the call. Lewis stated that he did not expect the majority of the men until Wednesday or Thursday but that those that came early would get good practice and have a slight advantage over those reporting later.

Equipment was issued to all of the men and a rather hard work-out for the first day was given. The work-out consisted of passing, side-stepping and lots of running.

Capt. Joe Potter has bright hopes for a winning football eleven at the college and promises the followers of the sprt good demonstratins of how the game is played.

Coach Lewis also states that he will be aided by Lawrence Relsor, star backfield man for S. M. U. last year, and that he thinks Relsor will be able to lend much aid to the eleven.

"For Mexia, I WILL"

THE EDITORIAL OF THE DAY

AROUND OUR TOWN.

(Fairfield Recorder).

"Two men looked out from behind the same bars,
One saw the mud, and the other the stars."

The day was Saturday, and the building was a tall, wooden structure North of the square. Many people went in and out of that building all that day. Business men, farmers that had climbed down from their cotton wagons. Housewives that had come from their kitchens. Old men who had seen many such days come and go. Young men who were entering the polls for the first time. They were the voters of Freestone County, our voice for our government, and our laws, and our standards of public life. How great is the responsibility of the voters!

It is the time of the year now when "Texas, The Land of Cotton," enters gloriously into her own. In spite of the drouth that has held unbroken sway during the long, hot summer, the long, hot summer, the cotton has struck its roots deeps, and held its own. The fields are whitening now, and up and down the long rows the pickers go with the long dragging sacks, and flying fingers, knowing that a water jug is waiting at the end.

We sponsor advertising. Therefore we approve heartily of the three foot sign consisting of three enormous black letters on a snowy space of a little store front, whereby Sambo announces publicly, enthusiastically, to Fairfield, and the world in general that he sells ICE. There is no doubt about it. We find it a great comfort, when the hour waxes the hottest, to look out across the dry streets, and the dull grass, and know that he does. The dry goods, and the clothing, and the shoe signs find no favor with us in a Texas August. Biased, and prejudiced, and unreasonably we are in favor of ice.

A recent trip over the Fairfield-Teague road deepens our enthusiasm in the new road that has been promised us. It is still a beautiful vision but any reasonable person must remember that the vision must exist before the reality. In spite of the fact that the vision doesn't lessen the strain of our shock absorbers when we have an uncontrollable desire to visit our neighbor city, we still keep our faith and thrill when t he surveyors journey by.

NOT STUPID—HANDICAPPED.

Failed against! His parents were notified and worried at his frequent failures in his examinations. He seemed bright enough. He was not a shirk. What could they do?

They had his eye sexamined—fortunately, for the examination disclosed a form of defective vision easily corrected by glasses. On the very next school test the work of this apparently backward boy showed such progress that he was promoted with high honors. (Weekly Bulletin of the Department of Health, City of New York, June 25th, 1921.)

Think how glasses changed this boy's life.

He was given his chance before it was too late. But what of hundreds of thousands of other children who appear to be stupid, who fail in their school work, because they need spectacles? Their enstant effort to see properly wastes an excessive amount of their nerve energy and will handicap them in later life.

A scientific eye examination is the only way to assure yourself that your child's eyes are normal. And the wearing of spectacles to correct defective vision in early years may make it unnecessary for them to be worn in later years.

But the responsibility is yours. Defective eyes will retard any child's progress in school. And a scientific eye eamination is the only way to be sure that eyes are normal. Have your child's eyes examined now.

"SPECIAL DAYS" DESIGNATED FOR STATE FAIR OF TEXAS

Many "sepcial days" at the State Fair of Texas, Dallas, Oct. 11-26, have already been designated and additional requests are being received daily. Hunt County Day will be Wednesday, Oct. 15, and the Lions and Rotary Clubs of two towns are behind the movement for a big day. Clarendon and Donley Day will be Thursday, Oct. 23 and Texas Commercial Executives will be at the Fair on Saturday, Oct. 18. That day is also "All College Day," University of Texas Day and Congress of Mothers' Day.

THE EVENING SILHOUETTE WIDENS AT THE BOTTOM

NOTHING could be simpler than this evening frock of "vert d'eau" (water green) Crepe Chenette. From the back in fact, it could be the party frock of a boarding school miss, were it not for the exception (a big one we must admit) of the very low decolletage and its extreme sleevelessness. But, this little dress derives its success chiefly from the piquancy of its combination of simplicity and sophistication.

Moreover it proves itself not only of the minute but also in advance of it, by the new silhouette slightly widened at the bottom, and with shaped flounces, which we are promised for the fall. A late cable, received by Henri Creange, Cheney style leader, from the Paris opening of Chanel, states:

"The general silhouette is dresses slightly widened at the bottom. Dresses have pleated sides, pleated and shaped aprons, panels, shaped flounces,—sometimes several wide or narrow ones over each other, irregularly disposed——— "

Such trimming as there is in this frock is disposed at the front. The upper flounce is extended into a panel, and is embroidered in silver, forming a charming color combination with the delicate green of the crepe. A silver banding outlines the double decolletages, and, by the way, whenever the square neck appears on a Parisian creation, it is usually found to dip lower at the back than the front.

You will observe the new short length of the dress. Such little dance frocks as these may well sponsor a revival of elaborate dance steps, for their fullness, shortness and airiness of material give freedom to the movements.

NEW EXHIBIT BUILDING AT STATE FAIR OF TEXAS HEARTILY APPROVED

J. B. Graham of Waxahachie president of the County Exhibitors' Association, has passed approval on the new Agricultural Building at the State Fair of Texas to be used for the first time at the 1924 State Fair, Dallas, Oct. 11-26.

"It is a wonderful addition to State Fair equipment," Mr. Graham said, "and will permit the demonstration of Texas' agricultural advantages to the maximum."

J. A. Moore of Grand Prairie, has been named superintendent of the Agricultural department, and will be in charge of the new structure, Mr. Moore was formerly in the government agricultural service and has had years of experience in the work.

..... Many Counties Get Space. .....

Twenty counties have already been assigned space in the new building. Among them is Hale, first prize winner in 1923, and Col. R. P. Smyth will again "chaperone" the exhibit. It will come by automobile truck from Plainview, more than 700 miles. Col. Smyth is a veteran exhibitor, and predicted, after seeing the new building at the State Fair, that fully 100 counties would have exhibits therein by 1925.

The exhibit booths are all uniform —14 feet wide, 10 feet deep and 9 feet high, from exhibit platform to top. At the front, the booths are eighteen inches in heighth, rising gradually, to a eighth of 3 feet 6 inches at the back. This incline permits the most advantageous display of the exhibits.

SERMON ON MODERN DANCE AT BAPTIST CHURCH SUNDAY NIGHT

After a big sing-song and some special music consisting of a beautiful organ solo by Mrs. Ira Needham, an impressive Saxaphone solo by Mr. Scott, the audience was very appreciative. The fellowship was splendid, every one seemed to be in a good humor. Speaking to the capacity of the auditorium the attentive listeners heard the following sermon:

SERMON ON THE DANCE.

Scripture Matt. 14, the dance before Herod. My friends, we are not making a fight on individuals. This fight is on an institution that is carrying away from the church, away from Christ and away from holy living hundreds of people every year. We hold in our hearts no malice or hatred against any individual who dances. We shall endeavor in this discussion tonight to present the evils of the dance in such a fair and true spirit of love that the christians will be led to take the more excellent way. We would not say that no decent man or woman would dance; neither would we say that every man or woman who dances drinks and goes into other sins, but we do believe that we should make a plea for the lives of hundreds of our children in this church and other churches of our city who are being led to believe and think that the dance is perfectly all right. A mother said to me some time ago: "Please do not ever estimate the evils of these things again." This was after a sermon on the danger of worldly amusements. There was a peculiar meaning in her tone of voice and by little and yet with a hesitation becoming a true woman she gave me parts of a story which had crushed her own heart. She told me of her child only fifteen years of age whose life had been ruined and wrecked because she had withheld from her the whole truth concerning these worldly amusements, and it is my purpose tonight to endeavor to get the mothers of this congregation and of our city to realize the evils that are confronting their children and friends every day. I believe that I am in a position to know something concerning the dance as I have in years gone by taken a part in this amusement myself. I was reared by a Godly christian mother and father who taught me and all my brothers and sisters that it was harmful to dance and take part in other worldly amusements. After leaving home for the University of Alabama and coming into contact with hundreds of young men and women from all over the State they persuaded me to go with them to the fraternity houses and take a part in the dance. Going to Sunday School and Church as I always did I learned that most of the people of the church attended the dances. Naturally I began to think that my mother and father were old fogy, so while visiting in the home of one of the members of the church I learned to dance. For some time I continued to go to these dances until at last I was offered a drink of whisky. Since a child whisky has always been repulsive to me and I said if this is what the dance leads to I'm through and from that time on I have studied the dance and dances from every viewpoint. I have visited the chief cities in twenty-two different states and have studied the social conditions and especially from the dancing position and I have yet to learn of any good that has ever come from this amusement. I want to say further that I am not holding up a double standard. I believe that the young man should live just as clean and pure a life as he expects the young woman that he shall some day ask to become his wife to live.

How does the dance begin? It begins, my friends, as all other sins in a small way. The disease of leprosy begins with a little white spot the size of a pin on a person's body. This continues to grow until it eats off a hand and then an arm and so until it eats up the whole body. So it is with the dance, the mother says that I want my girl to be popular, I want my girl to be graceful. Many times from a child she will give her dancing lessons and insist that she dance and take a part in all of these worldly amusements so that she will be popular and never have to be a wall flower. The young woman that we have just read about in the 14th chapter of Mathew was led on to dance by her mother. The Bible tells us that she danced before Herod and it pleased him. She was one of the modern syncopated steppers with emphasis on the syn. Of courses, this pleased Herod. It is always pleasing to any carnal minded, unregenerated human being. It pleased him so well that he promised her that he would give her anything that she desired. Her mother told her to ask for the head of John the Baptist. Herod sent immediately and had John the Baptist's head cut off and brought in on a silver platter. She desired his head because John had been preaching God's word and told her of her sin and it hurt so deeply that she wanted revenge. God forbid that any of our true, pure christian mothers would insist on their daughters taking a part in these things that would hurt their influence and their lives and the lives of many others.

"Whatsoever a man soweth that shall he also reap.' If you sow the decanter on the sideboard you will reap a thirst for liquor; sow a saloon and you will reap a crop of drunken sons and sons-in-law; sow the card table and you will reap a gambler in your home; sow the square dance and you will reap the round; sow the parlor dance and you will reap the ball room; sow the ball room and reap the brothel with all of its horrors, broken hearts blighted homes and ruined lives. If we sow oats we certainly shall not reap wheat; if we plant thistle seed we need not expect to gather tube roses. The devil never did a better piece of work for hell than when he persuaded the young man and young woman that he and she must sow their wild oats; for well he knew that "whatsoever a man soweth that shall he also reap." Of course, there are those who object to any preacher taking a decided position on this question, but such are usually those who are absent from prayer meeting, lacking in spirituality, earliest offended because of their pride and who are continually becoming stumbling blocks in the way of others as well as a constant occasion for grief to the pastor.

Some say that the dance is natural. Say what we will about the dance it is not natural for a true and pure modest woman to put herself in the embrace of men who have no right to that privilege. No man is willing for his loved ones thus to allow a crowd of men each in turn to have his arms about the wife of his heart or the sister or daughter in whom is his delight. If we are not willing that such privileges should be granted by those of our own homes then we should be manly enough to refuse to take an advantage of the daughter or sister or wife of another. Cicero said no one dances unless he be either drunk or mad. Any how it seems that insane asylums usually have a ball room for the inmates.

Dancing leads to drinking. We have here tonight, if Bro. Harper will please bring it forward, a large suit case full of empty whisky bottles gathered at the Reunion Grounds after the Jack Gardner dance last Friday night a week ago. Most of these whisky bottles are prescriptions filled by drug stores in and around this County. I am evry happy to say that most of them are not filled by druggists in Mexia. I shall not take your time in going into the conduct of this dance or of other dances that have been held both there and in homes and other places in and around Mexia. Those who were there say that it was not a very nice place for christian people to be. I am not saying that those who were at this dance were all drunk or even that all drank, but I do know that a number of them there partook of the contents of these empty bottles. Again I say the dance leads to drinking.

But some one says the dance doesn't hurt me. I give the following statistics compiled by three bureaus. Three-fourths of the people who dance drink and out of five hundred thousand of these give the dance direct credit for their down-fall. My friends, I am pleading with you tonight for the sake of those that it does hurt, and although you are strong enough to withstand all the others evils that accompany the dance yet will you not give it up for the sake of those whose lives are destroyed by it. I am pleading with you tonight that you hear the words of God on this subject. "Love not the world, neither the things that are in the world, for if any man loves the world the love of the Father is not in him." "Come ye out from among them and be ye separate. "If ye love me, keep my commandments." Paul says "All things are lawful for me, but I will not be brought under the power of any." Then my friends if you see that this evil or any other evil is enslaving you, you should immediately give it up. Again he says "If eating meat causes my brother to stumble I will eat no meat as long as the world stands." You havn't a moral right to continue in anything that is causing hundreds of people broken hearts and ruined lives. Again Paul says: "If there is any doubt I will not eat, for if I eat when I doubt I am sinning." Young people, if there is any doubt in your minds about any amusement take the safe side and leave it off.

The dance is unspiritual. If immoral, of course, it is unspiritual. Many of the unconverted who, fascinated by this evil as by others remain unsaved. They feel that to become a christian and continue the dance would be wrong; they feel that a professing christian who dances is either a hypocrite or a very inconsistent christian. When have you ever seen a real soul winner who was a dancer. I quote from the Baptist Standard which says: "We have looked for years for a person who is a continual dancer and who is a real soul winner. The two cannot go together. Many have tried it and failed. River fisherman catch herring with what they call a gill net. The net is fastened to stakes and is set up like a tennis net. The meshes are large enough for the fish to pass through until they get to a certain size and then finding themselves unable to pass through they try to go back and are caught by the gills. The devils fishes with a society net so arranged that its devotees pass through unhurt seemingly for a time, but finally they find themselves caught in the meshes of it, while the new recruit swims on by saying—"it will never be so with me."

In conclusion I would like to say a word to the mothers and fathers. How are we going to keep our young people from dancing and taking a part in other worldly amusements that we do not believe are helpful. The biggest thing that we have to do is to give them something better. Last Monday evening here at the church we had a wonderful time together through the earnest efforts of our fine leaders in our B. Y. P. U.'s. We had interesting, laughable and entertaining program. We shall have more of these. In place of so many of the people criticising the young people they should throw open their homes and their pocket books to them and give them something that will elevate and edify. I believe that we should as Baptists have a large educational building built here on this same lot. In this building we would have a number more Sunday School rooms which we are at the present time badly in need of. We would have reading rooms for our young people. We would have a gymnasium and swimming pool where our girls could go in at one time and boys at another. I want to let everybody know that I am for the young people. I believe in them. I love them. I sympathize with them in all of the fights that they are having to make and I am first, last and all the time for our young people. Let us then, my friends, open our doors, our hearts and our pocket books and continue to pray, to help, to encourage and to give our young people something worth while. The greatest test that I had was when I heard the voice of my Savior say "Lovest thou me more than these." Let these words of Jesus search every heart present tonight and if there is sin there that you are holding on to tonight give it up, turn to Christ and say with the beloved disciple "Yea, Lord, thou knowest that I love thee." I want every man and woman, every mother and father, who tonight says I endorse what you have said and will give my prayers and all the help that is within my power to discourage the dance and to stand by our young people with all the love that is within us. (A large number stood). Now while you remain standing I want every boy and girl and young person who will say by the help of God, I will not dance or if you have danced, I will, with the help of the Lord, abstain from dancing from this night on. (A large number stood). Let us all stand and have a word of prayer, asking God to bless and lead us all as we try to follow him. Are there those now who will come professing Christ? (A fine man who had in the beginning of the service rendered a beautiful Saxaphone solo came forward taking his stand for Christ.) "May the Lord bless you Brother Scott and use your talen for the salvation of many others. May the grace of our Lord Jesus Christ be with you all.

...ing Squadron ... Solicit Fund ... To Finish Stadium

...TIN, Texas, Sept 1.—Cam... will be opened in over eighty ... during the month of ... for the purpo e of raising ... funds with which to com... ...ad Memorial Stadium, now ... built on the campus of the ... of Texas, it is announced ... by William L. McGill state chair... of the drive committee.

...ill predicts that with cooler ... the return of summer vaca... and the revived interest in ...otball that is sure to come with ... opening of the training season, the people of the state will readily re...spond to this appeal and that little trouble will be experienced in raising the additional $200,000 needed for the completion of this project. This is the amount needed, it is asserted, to complete work planned for the immediate future and will provide funds for additional seats, the preparation of the grounds surrounding the stadium and will enable stadium directors to prepare for future construction.

With over $400,000 already pledged it is thought that little trouble will be experienced in raising this sum during the months of September and October.

Persons making subscriptions to the stadium before November will be entitled to choice seats in the new stadium for the opening game on Thanksgiving, it is pointed out. Under the plan approved by the Athletic Council of this school, persons who subscribe $50 to the stadium are entitled to purchase two choice seats for this game, those subscribing $100 are entitled to four choice seats and additional seat is alloted for each hundred dollars subscribed in excess of $100.

According to McGill, there are about forty towns in the state where organizations have been set up and where preliminary work of raising funds has been done. There are about forty-five other towns in which local drive chairmen will be appointed and in which intensive drives will be conducted.

Follow-up work will also be un...ken in some of the larger cities ... the state where campaigns were ...l during the spring.

... the spring campaign there were ... towns making reports. These ...eported a total of $108,698.50 ...5 subscribers, an average ...on of almost $100. Many ... chairmen in these cities re...d that they would re-open their ...ns in the fall and would add ... totals at that time. Cam... leaders in Dallas have expres... ...mination to stage a second ...gn, declaring that the cam... in that city in the spring was ...liminary.

"Flying Squadron" of prominent ... ...dents will be organized to aid ... the campaign by visiting the larger towns in which campaigns are being conducted, and to interest other influential men and women of the state in this effort to build a suitable memorial to the Texas men and women who took part in the World War.

Carl Webb, chairman of the all-campus stadium committee, has planned to open a short campaign on the campus during the month of October in order to give the freshman class a chance to subscribe to the stadium. Webb predicts that the freshman class will subscribe at least $10,000.

Though no definite date has been set for this phase of the campaign tentative plans are to begin it as soon as the work of collecting the pledge payments coming due on September 1 is out of the way.

Mrs. Oates Thanks Her Friends.

I wish to thank my many friends for their loyal support during my years of public service. Their allegiance and kindness have made my work pleasant and have aided me in performing my tasks efficienty. I leave my work knowing that I have given my best service to my county, and that in my campaign I have used no foul means of securing votes. I do not hold malice toward those who have misjudged and misrepresented me but leave that to their own consciences.

As a true Democrat, I gracefully accept the will of the majority, and shall try to believe in the old adage that "It's an ill wind that blows nobody good."

Sincerely,
MRS. LULA OATES.

Granger Rough Cut
A Pointer on Tobacco—
The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

BLACK CATS WILL BREAK CAMP ABOUT FRIDAY

Howard Hale, Clyde Keeling, Phil Hoelzel, and Jimmie Locke returned Monday night from Lampasas where they spent Sunday and till Monday noon with the Mexia Hi Black Cats in their football training camp in the outskirts of that town.

They stated that the boys had plenty work to do but were all eager and willing. The swimming hole afforded them good action for the water was icy cold, and that they gave the table trouble when meal time came.

The following program is being followed for the week: Arise at 5 o'clock and have three hour work on the field, then a swim and then breakfast. Rest until noon and then give the table fits, a little more rest and then fight the football for three more hours. We have a swim and supper and "lights out" at 9:30.

The Cats will break camp about Friday and return ready to start work. It was also stated that they would scrimmage the Lampasas Hi squad Thursday afternoon.

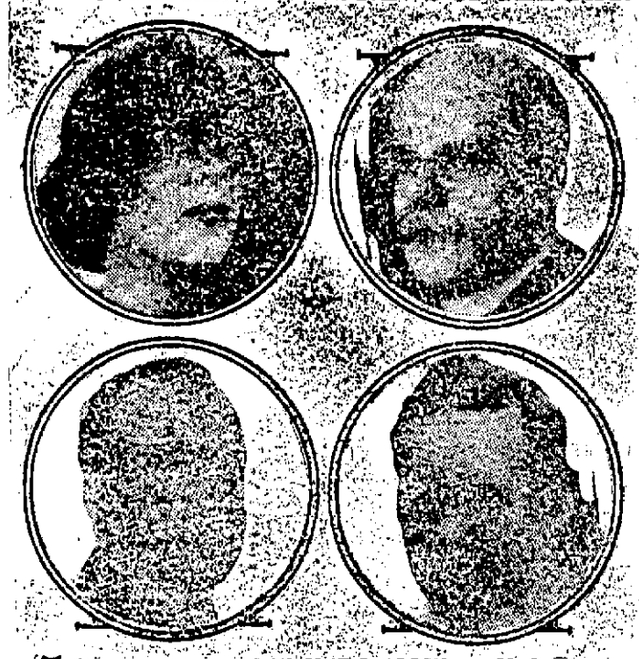
CHIEF FIGURES IN THE NEWS OF THE DAY.



Above: LADY DIANA MANNERS & DEWILHELM MARX.
Below: R.V. INGERSOLL & WALTER JOHNSON.

Chancellor Wilhelm Marx, of Germany, won a great victory when he forced the Dawes reparations plans through the Reichstag, together with all the bills to put the plan into immediate effect. Walter Johnson, famous pitcher of the Washington Club in the American League, was injured in New York City when hit in the head with a batted ball and was compelled to retire from the game. Raymond V. Ingersoll, New York City attorney, has been appointed impartial chairman of the cloak and suit industry, at $20,000 a year. Strikes have been so numerous among the hundreds of thousands of workers it was decided to appoint a "Judge Landis" for the industry. Lady Diana Manners, who will reappear in "The Miracle" in New York City, was a constant ship companion of the Prince of Wales on the Berengaria.

Framed pictures of well known subjects—"Age of Innocence," "Miss Simplicity," "Modern Madonna," "Boy with Torn Hat", "English Gardens," "Spring-time, "Dance of the Nymphs," and copies of the old masters at $1.50 and $2.00 each. McSwane Flower and Gift Shop.

"ALL-NEW FAIR" WELL DESERVED BY 1924 STATE FAIR OF TEXAS

That the titile "All-New Fair" will be well deserved by the 1924 State Fair of Texas, Dallas, Oct. 11-26 is the verdict of all who have studied the program for the thirty-eighth annual exposition, now practically complete.

Utmost praise has been given the new interior of the main exhibit building, which is in replica of a Spanish village, with the distinctive Moorish style of architecture preserved thruout. It is the most unique as well as the handsomest building of its kind anywhere. The new Agricultural building—the former Coliseum—will house hundreds of agricultural exhibits of every description, and being located directly at the entrance to the grounds, thousands will see them and more than ever realize Texas' agricultural importance.

BI GDAIRY SHOW.

There is to be a most comprehensive dairy show, in keeping with Texas' development as a dairying State. In connection there is to be a government display more complete than any ever brought south.

The program for the thirteen-day running race meet has been completed, and entries are already in from owners of some of the best horses in the country. There wil lbe four big stake events of $1,000 and over each, and six races every week day.

Complete, comprehensive and instructive displays of implements, machinery, farm power plants and other appliances will be of keenest interest, and the amusement program is the ambitious in years.

Prospects for the great live stock show are for the most magnificent display ever seen, and the same is true of the poultry show, wherein more than 5,000 prize birds will be on display.

In the annual State Fair automobile show, the very latest in automobile developemnt will be displayed in hundreds of brand new models, and manufacturers' "action" displays in the same building will hold interest for thousands.

Reventlow Threatening Allied Envoys.

COUNT REVENTLOW

Count Reventlow, leader of the German Monarchists, declared in Berlin that if the Government agreed to the Dawes reparations plan without the consent of the Reichstag the people would tear the protocol up as "a scrap of paper," and that the Hitlerites would treat foreign commissioners as "enemy invaders whose personal safety could not be guaranteed."

In order to make room for our our new goods which are beginning to arrive, we announce a special sale of everything in our store. Reduced prices on all pottery, glass, wood novelties, pictures and china, McSwane Flower & Gift Shop.

All greeting cards, including birthday, congratulation, birth announcement, convalescent and anniversary cards at 5c, 10c and 15c each. Easter cards at 15c per doz. McSwane Flower & Gift Shop.

THOUSANDS DEAD AND HOMELESS IN HURRICANE

STATE DEMOCRATIC DELEGATES CHEER WOMAN NOMINEE

CHAIRMAN CRANE FLAYS HOODED ORDER FROM START

AUSTIN, Sept. 2.—Mrs. Miriam Ferguson assisted by her husband, James E. Ferguson, and nearly two thousand delegates counted out the Klan at the opening session of the Texas State Democratic Convention. Delegates cheered the woman nominee, while M. M. Crane of Dallas, temporary chairman of the convention, flayed the hooded order in savage arraignment.

The convention opened with prayer by Dr. Arthur Jones, President of the Presbyterian Theological Seminary of Austin. Mayor Yett of Austin welcomed the delegates.

AUSTIN, Texas, Sept. 2.—Entrance of an independent democratic candidate for governor in the general election and notice that injunction proceedings would be started to keep the name of Mrs. Miriam A. Ferguson, democratic gubernatorial nominee, off the November ballot, were the outstanding developments in preliminary sparring to the democratic state convention scheduled to get under way here at noon.

Dr. F. M. Hill of Bracketville declared himself as candidate for the governorship on the independent democratic ticket as opposed to the "Fergusons, the suffragists and the K. K. K."

Charles M. Dickerson of San Antonio served notice upon the democratic executive committee that he would seek an injunction to keep the name of the woman candidate off the general ballot upon the grounds that it was forbidden by the state constitution. Dickerson's action came after his motion had been turned down by the committee, who declared it could not go behind the official canvass of the Aug. 23 vote, which gave Mrs. Ferguson a majority of 97,732.

Ferguson supporters were apparently in control of the situation as the convention got under way. Jed C. Adams of Dallas was selected by the executive committee to succeed Thomas B. Love, resigned, as democratic national committeeman from Texas.

Former Senator Joseph Weldon Bailey was agreed upon for permanent chairman of the convention by the anti-klan caucus here last night with M. M. Crane of Dallas as temperory chairman selection.

E. A. Berry of Houston was put forward for chairman of the Democratic State Executive committee and former Governor James E. Ferguson was given a berth on the convention steering committee.

Ferguson's entrance to the state senate chamber at the caucus last night was the first time he had appeared in the hall since his impeachment as governor seven years ago.

Other members of the convention steering committee were named as Cecil Smith, Sherman; Paul Page, Bastrop; O. L. Stribling, Waco, and John Bickett, of San Antonio. Ed. Steger of Bonham was unanimously elected chairman of the caucus after his nomination by former Governor Ferguson.

The convention will be held in the senate chamber of the Capitol, where a seating capacity of 1500 has been arranged, in preference to the University gymnasium with a fifty per cent greater seating space.

MEN WHO FIGURE IN THE NEWS OF THE DAY.

Above: HERBERT HOOVER & MAJ. A. S. MACLAREN
Below: OSWALD G. VILLARD & LOU HOLLAND

Secretary of Commerce Herbert Hoover has called a Third National Radio Conference, to provide voluntary regulation of wireless communication in the United States, to meet in Washington September 30. Oswald Garrison Villard, editor of "The Nation," speaking before the Institute of Politics at Williamstown, Mass., denounced the United States' "big brother attitude" toward Latin-American countries and predicted a defensive league against the "Colossus of the North." Lou Holland, of Kansas City, Mo., president of the Associated Advertising Clubs of the World, which recently visited Paris, has been made a chevalier of the Legion of Honor by Premier Herriot, at the request of the French press. Major A. Stuart MacLaren, British around-the-world flyer, whose airship was wrecked in Siberia, is shown as he landed at Vancouver, B. C., on his way back to England.

BATTLE LINES DRAWN ON OUTSKIRTS OF SHANGHAI

By D. C. BESS.
(United Press Staff Correspondent)

SHANGHAI, Sept. 2. — Battle lines are drawn on the outskirts of Shanghai today and the first shots of a civil war which is expected to assume proportions greater than the Chinese revolution are expected momentarily.

Thousands of refugees are beginning to pour into Shanghai. Serious trouble is expected at any moment. Every attempt is being made to placate the hostile war lords, but so far all efforts have been futile.

Five Injured In Car Accident On Pike To Teague

While driving out the Teague Pike last night about 7:30, Mrs. Jake Propp of South McKinzie lost control of the machine which she was driving and plunged into a ditch slightly injuring four of her five children who were riding with her and slightly injuring herself.

Eye witnesses state that she was driving at a moderate rate of speed when she lost control of her automobile.

Passing automobilist rushed to their aid and soon took them from the wreckage, but found that no one was seriously injured.

Wilmer the eldest daughter suffered a cut ear and several bruises. Mrs. Propp and the other children with the exception of the baby suffered considerable shake up and minor scratches and bruises.

Dr. C .P. McKenzie was called and dressed their wounds.

Tilden-Johnson In Game Today

By HENRY L. FARRELL.
(United Press Staff Correspondent)

FOREST HILLS, Sept. 2.—Two years ago young Vinnie Richards, making a desperate effort to win the American tennis championship, met Billy Johnston, the California star, in the semi-final round of the national tournament.

Richards fought so furiously that he carried Johnston into an extra set match and he took so much out of the little Californian that Johnston had nothing left when he met Bill Tilden in the final round and he went down.

There are possibilities for a repetition of 1922 in the final round for the championship this afternoon at the West Side Tennis Club when Tilden and Johnson take the court for the sixth game to decide the title.

Here Johnston slumped under the physical pressure and the nervous strain that the youthful Richards put him through in 1922, it is Tilden today who may suffer a relapse in form after the narrowest escape he ever had from losing his championship. Richards came within the proverbial flea's whiskers of downing the great champion yesterday.

"Tilden will feel the effects of that experience tomorrow and he will have to be all that Tilden ever was to beat Billy Johnston," one of the officials of the tennis association said after the match.

Johnston will never have a better chance to win back his former title than the one he will have this afternoon. Tilden will have to be the greatest player that ever lived if Johnston is in yesterday's form.

SIX KILLED IN CHICAGO TRAFFIC ACCIDENTS

CHICAGO, Sept. 2.—Six persons were killed in traffic accidents over the week-end in and near Chicago. Four were hurled to death when a Rock Island express train bound for Omaha crashed into an automobile load of persons on the South Side here.

VETERAN RACE DRIVER KILLED LAB'R DAY RACE

ALTOONA, Pa., Sept. 2.—Joe Boyer Jr. is dead.

The famous millionaire automobile race driver died today in an Altoona hospital from injuries received in the third running of the Altoona speedway race Labor Day, although doctors had held out hope that two blood transfusions and the amputation of his right leg would save him.

After a sensational spurt which finally brought him well up in second place and during which he made a new world's record by going more than 125 miles an hour in competition Boyer lost control of his car when the right rear tire blew up while he was making the 191st lap and crashed into the fence at the top of the bowl. There, both car and driver hung suspended for five minutes 25 feet from the ground, before he could be released. He was still conscious when rescued, but both legs were badly crushed. He was rushed to a hospital where he lingered in a semi-conscious condition throughout the night. Shortly after taking what doctors termed a turn for the better, he suffered a relapse and the end came.

Jimmy Murphy won the 250-mile race, with Tommy Milton second and Fred Comer third. Murphy's time was 2:11:58.

Young Stribling Wins From Fitzsimmons

MACON, Ga., Sept. 2.—Young Stribling won the referees decision over young Bob Fitzsimmons in a fast 10-round bout before the home folks Labor Day.

Stribling was on the aggressive during the entire battle and unofficial experts at the ring side awarded him all 10 rounds.

Referee Alexander, however, said Fitzsimmons had a shade the best in three of the rounds.

LONE ROBBER MAKES A BIG HAUL.

CINCINNATI, Sept. 2.—A lone robber held up and relieved James Moore of the Sterling Jewelry Co. of between twenty and twenty-five thousand dollars, shortly after Mr. Moore opened the store this morning. The robber gained entrance to the store in the guise of a messenger boy.

HEAVY RAINS FELL SUNDAY AFTERNOON

Heavy rains fell between Mexia and Corsicana Sunday afternoon. The rain was pretty general all the way and put a stop to cotton picking a short while Monday. The roads had just been put in good shape as far as Richland, however, which prevented traffic.

DANGER IS PAST IN MINERS' WAR

HERRIN, Ill., Sept. 2.—Sixty-five State national Guardsmen who have been guarding against repetition of Saturdays outbreak, have been withdrawn by Adjutant General Carlos Black. Seventeen men left, and they will all be withdrawn after the inquest of the death of the victims is held here Wednesday.

BULLETIN:

HERRIN, Ill., Sept. 2.—A direct appeal to Governor Small, over the head of Adjutant General Carlos D. Black, was considered today by leading citizens here who feel more bloodshed will follow withdrawal of state troops who came here Saturday night after six men were killed and many injured in riotinig.

Black told Sheriff Galligan and state's Attorney Delos Duty that he felt the danger was past, and said he considered removing the state troops today. But on vchement protests by Galligan and Duty, Black said he would keep the men here until Wednesday when a coroner's inquest into the killings would be held.

"The troops must be held here until we reassure the danger of trouble is past," Duty said. "If the soldiers are taken out of here within the next few days, no one can tell what will happen. One thing is sure—there will be no trouble."

Galligan also insists on the soldiers being held here for quite awhile.

The Red Cross was informed in an appeal for relief supplies.

A further survey will probably reveal a greater casuality list it was indicated.

New York Suffering From Heat Wave

By United Press.

NEW YORK, Sept. 2.—New York sweltered again today in one of the hottest September days on record. Thousands suffered acutely from the high temperature combined with unusual humidity.

Yesterday was the hottest Labor Day on record, the thermometer reaching 92 degrees and driving the city's millions to beaches and resorts outside the city.

One man died from the heat and six were prostrated. Several other deaths were attributed indirectly to the high temperature.

KANSAS CITY, Mo., Sept. 2.—Kansas Citians shivered in temperatures ranging from 46 to 67 following a rain-storm yesterday that sent the mercury down to the topcoat mark. Cool weather was to prevail today, according to the government weather.

Ancient Skeletons Found In France

By United Press.

PARIS, Sept. 2.—Professor McCurdy of Yale University who is making excavations for traces of men of the Cro-Magnon period in Northern France, has discovered what he believes is mute evidence of a prehistoric duel between the Giant cave men of the era.

The professor has unearthed a number of ancient skeletons one of them with a flint knife sticking in the ribs, indicating the man was stabbed, possibly over possession of a woman.

QUESTION AROUSED OVER REPRESENTATION

Quite a number from here are in Austin attending the State Democratic Convention. W. P. Alexander of Prairie Hill is chairman of the regular delegation. A. R. Henderson of Groesbeck is understood to be in Austin and was before a commitee Monday, according to newspaper reports, seeking to seat another delegation from Limestone County rather than the duly elected delegation. Several Ferguson supporters are on the Limestone County delegation.

LOWER TEMPERATURE SCHEDULED FOR TEXAS

DALLAS, Texas, Sept. 2.—Scattered showers and lower temperature was scheduled for Texas today by the federal bureau to break the monotony of near-hundred degree temperature of the last few days. Although high temperatures have been general, they were not unseasonal. No prostrations or heat fatalities have been reported.

OKLAHOMA CITY, Ok., Sept. 2. After soaring to 96 degrees at 4:00 o'clock yesterday afternoon here a light shower last night sent the mercury hurtling down to 57 degrees early this morning with a cloudy sky. No heat prostrations were reported yesterday.

Miss Mattie E. Lewis and Masters Lewis and Jack Schutts of Fort Worth are visiting the families of Mr. and Mrs. G. A. Lyell, Mrs. J. B. Stevens, and Mr. and Mrs. Ozie Lewis.

Watching Scoreboard

Greason's error in the 11th inning let in the run that gave the Braves a 5 to 4 victory over the Giants in the first game but the Giants won the second, 10 to 2.

Wheat's home run with one on gave the Robins a 6 to 3 victory over the Phils in the second game after Brooklyn had woon the first, 7 to 2.

Two home runs by Stephenson and one by Speaker. Smith and Brewer enabled the Indians to win the second game, 13 to 2 after the Browns had won the first game 11 to 8.

Fine pitching by Pennock and Shawkey gave the Yanks a double victory over the Red Sox at 3 to 0 and 12 to 2.

Two runs scored in the ninth inning gave the Senators a 4 to 3 victory over the Athletics in the second game. The Athletics lost the first game 5 to 3.

Singles by Moore and Guyled in the tenth inning gave the Pirates a 5 to 4 victory in the first game and they came back and won the second, 4 to 3, on Moore's home run.

Heavy hitting by Cobb and Heilmann gave the Tigers the first game at 16 to 5 but the White Sox won the second 10 to 2.

Mays and Benton were in fine form and the Reds beat the Cardinals 5 to 0 and 9 to 0.

STANDINGS SAME IN AMERICAN LEAGUE

NEW YORK, Sept. 2.—While the standing remained the same in the American League the holiday games placed the New York Giants in a more precarious position in the National League.

McGraw's chapmions split even in a double-header with the lowly Boston Braves while the Pittsburgh Pirates took two from the Chicago Cubs, and the Brooklyn Robins grabbed a pair from the Phils.

The Giants are now only one game ahead of the Pirates and only three games ahead of the storming Robins.

The Washington Senators and the New York Yankees won both ends of their double-headers, the Senators taking the Athletics and the Yankees knocking off the Red Sox.

The Senators still hold first place with a lead of a game and a half over the Yankees.

EPINARD IS STILL FAVORITE.

NEW YORK, Sept. 2.—Beaten but not disgraced in his first sprinting race over six furlongs at Belmont Park yesterday, Epinard, the French four-year-old champion, will be the favorite in his next international race over the mile route at Aqueduct on Sept. 27, eastern horsemen believe.

The French thoroughbred finished a quarter length behind the Western 3-year-old, Wise Counsellor yesterday afternoon.

After a lot of bad racing luck when he was bumped around and thrown off his stride by Zev., the international champion of 1923, Epinard recovered and fought it out neck and neck down the stretch with Wise Counsellor and until the last few jumps it looked as if the French colt would win. The mighty Zez paid for the eagerness of his jockey to get him away and "run 'em out," as he spent himself and finished a not very good fifth.

FROM THE PEOPLE

At Davenport

Davenport, Aug. 28, 1924.

Dear Garland:

The trip from Keokuk, Iowa to Davenport skirting the Mississippi River was less eventful than any part of our journey, I suppose due to the proximity of our destination and the fact that each mile only meant that much nearer to Davenport and the necessity of cleaning up and reappearing as civilized human beings.

Arriving in Davenport, we secured quarters for ourselves and the faithful Ford after which we scrubbed and dolled up preparatory to renewing of old acquaintances and friends. We got here at 1:45 p. m. Saturday after being on the road for five days less one hour, 45 minutes. Figures gained by computing distances from place to placed showed we had covered approximately 1100 miles or more.

Anyhow we enjoyed every minute of our time and both of us look forward to the return trip which we expect to start upon Saturday going from here to Chicago, then to St. Louis, Cairo, Memphis, Little Rock, Texarkana, possibly Shreveport, Dallas, Home. We have had a lovely time here at least Harry, Jr., has. I have been in class most of the time even at night but what I have seen and learned has been worth all I have paid and more to because I am a bigger, broader and better man by my experiences and I will be in a position to accomplish more in a given space of time than is possible to imagine. Davenport is a seething mass of Chiropractors and the Mayor has turned over the keys of the city to us saying that we were priviledges to do as we pleased while here.

Will let you hear from me at Chicago or thereabout.

Harry A. Porter.

How to improve the kindergarten-primary courses of study now given in many teacher-training institutions is told by Nina V. Vandewalker in a bulletin recently issued by the Bureau of Education, entitled "And Evaluation of Kindergarten-Primary Courses of Study in Teacher-Training Institutions," Bulletin 1924, No. 3.

Nearly 50,000 children, about half of them girls, are now in more than 600 organized summer camps in the United States. In all the camps, probably without exception, special attention is paid to physical growth and "character building," with manual instruction in attractive form. Boy Scouts, Girl Scouts, and similar organizations are prominent in the field.

You Can't Fool Texas Housewives

They have learned many important facts about baking powder. These facts have cost them real money in the form of labor that was wasted because bakings made with an inferior leavener were ruined—because expensive ingredients used in the bakings were spoiled.

They have found by actual experience that

CALUMET
THE WORLD'S GREATEST
BAKING POWDER

is most dependable and economical.

For thirty-five years Calumet has been serving the housewives of the nation—making it easy to bake and serve pure, sweet and always wholesome foods.

Years ago when Calumet was first offered to the ladies of Texas they were quick to grasp the advantage of its more than usual leavening strength.

Don't experiment — don't change from Calumet to some other brand—it will only add to the cost of your bakings and may mean absolute failure on bake day.

"During those awful days of suspense both as to Evelyn's fate and mine, I passed through hell-fires of suffering . . . and I learned that I loved Evelyn, loved her as a man loves sunshine, and woods, and rivers, and all natural, wholesome things."
—from "His False Standard" in True Story for October

WHEN Dan took Evelyn in his arms and told her that he loved her she believed him.

In her ignorance of life she had no way of knowing he was not in earnest.

If she had known she was only one of many girls into whose ears he had poured the same sweet sounding words, what a world of shame and degradation she would have been spared.

"His False Standard"—in True Story Magazine for October is a story of the sowing of wild oats—and the reaping of a crop of agony. If every man and woman could see the broken hearts and ruined hopes, the days and nights of remorse and tears that follow wrong-doing—no young man would trifle with a woman's love and no girl would give her heart to any man until she had made sure that his intentions were honorable.

Don't fail to read this thrilling lesson from life.

Other Absorbing Stories from Life

Here are just a few of the unusual features in the October issue of True Story Magazine

"Her Final Choice"—Nina, an orphan, hungered for love. So when Peter Hodge came into her life, she fell an easy prey to his seeming devotion. She little realized that in throwing herself into his arms, she was inviting tragedy.

"What Every Woman Hopes"—Living in the country, Madge thought no temptation of city life could ever lure her into wrong. But Madge did not know how easy and attractive each little downward step is made, and how fiercely she was to have to battle for her soul.

"The Network of Fate"—When Janet concealed from her husband that his friend, had made improper advances toward her—she believed her silence the only way to save her husband from ruin. How she had to literally claw her way out of hell as a result, is a most heart gripping narrative.

"You Belong to Me"—When Avery Folson bullied her into a loveless marriage, Alice was afraid to withdraw from an alliance that was loathsome to her. Had she been properly taught from her childhood days, what agony of mind and soul she might have escaped!

When other children were being schooled in their A B C's little Joan was being schooled by a master pickpocket. When she was eighteen, she was taught blackmailing, and accepted in the most exclusive circles of society. Her beauty brought her into contact with many men.

Then Fate plunged love into her life and twisted two lives out of shape. Her own and her victim's. But who would believe the truth from a girl who had squeezed $50,000 out of a rich man for some love letters. Then came the truth—remorse—heartaches, anger, passion, love. You've probably never read such an unusual heart gripping story as "Out of the Depths," which appears in the October True Story Magazine. And you are going to say that it deserves to win the $1,000 prize.

The Gage of Battle

In this country a mighty conflict is raging. Evil is battling to destroy all that is virtuous and good.

The weapons of Evil are deceit, treachery, cunning. It slinks in the shadows and attacks in the dark. Against such a foe, moralizing avails little. The fight calls for *action*—determined, fearless. True Story Magazine, as published by Bernarr Macfadden represents that kind of action.

True Story needs but one weapon—the sword of truth. If it can save others the tragedy of evil; if, it can show young people the perils and penalties of wrong—it will have gone far in its battle for Right.

Westminster Foot-Ball Practice Starts

Monday afternoon Coach C. L. Lewis called for recruits for the Westminister football squad and eighteen men were present to answer the call. Lewis stated that he did not expect the majority of the men until Wednesday or Thursday but that those that came early would get good practice and have a slight advantage over those reporting later.

Equipment was issued to all of the men and a rather hard work-out for the first day was given. The work-cut consisted of passing, side-stepping and lots of running.

Capt. Joe Potter has bright hopes for a winning football eleven at the college and promises the followers of the sprt good demonstratins of how the game is played.

Coach Lewis also states that he will be aided by Lawrence Reisor, star backfield man for S. M. U. last year, and that he thinks Reisor will be able to lend much aid to the eleven.

The following men reported for practice Monday afternoon; Capt. Potter, Loy (Dutch) Cox, "Dollar Bill" Hood, Bill Young, Dick Lindley, Harold Thompson, Dick Willis, Dana Prince, Frank Warner, R. C. Johnson, Elmer Moody, Clyde Lee, Artie Phillips, John Hunt, Marvin Thornton, Manuel Martin, Wallace Garrison, and LeRoy Miller.

DAILY NEWS LETTER

By WILLIAM G. CAYCE

International News Service Staff Correspondent

SAN DIEGO, Cal., Sept. 2.—Imperial Valley, 100 miles east of here often regarded as the "greatest little valley in America," and where everything from lettuce to cotton is grown in abundance, has just shipped to market the greatest cantaloupe crop in its history.

According to T. L. Williams, assistant general manager of the Southern Pacific Railroad Company more than 16,000 freight cars of cantaloupes were sent out of the valley during the present summer and exceds the 1923 crop by more than 3,000 cars.

The 1924 crop was yielded from 36,000 acres. Last year's crop was planted on 19,000 acres. June 26 was declared to be the peak day for shipments, when a total of 581 cars of melons were iced and packed for shipment.

In the consumption of the crop, New York, Pennsylvania and Illinois led the list of States.

The present lettuce crop from Imperial Valley also set a new record, when 9,489 cars were shipped to markets throughout the country.

The 1924 cotton crop also promises to be the largest in the valley's history. While the cotton will not be picked for at least three weeks or a month, it is stated that more acreage was planted in cotton in Imperial Valley this year than ever before. Cotton is by far the greatest crop raised in Imperial Valley.

As a fitting memorial for California's first Christian martyr, killed by Indians November 4, 1775, a granite shaft will be erected in honor of Luis Jamie. Jamie was killed during an attack on the San Diego de Alcala, of which he had charge at the time.

The grave of the padre has almost been forgotten for approximately 150 years and is said to be covered with a tangle of bushes and weeds. The Native Sons of the Golden West will have charge of erecting the monument, according to A. V. Mayrhofer, deputy grand president, and, while no location for the shaft has been decided upon, a committee has been appointed to make a selection.

Mrs. Billie Gray has accepted a position at Higdon-McElroy Company, where she will assist in the Ladies Ready-to-wear department.

Miss Dixie Ballard has returned from a visit with her sister, Mrs. Jones in Paducah, Texas.

WILLIAM F. FAHY INTL.

William F. Fahy, "ace" of the U. S. Postal Inspectors in Chicago, and regarded as one of the Government's cleverest detectives, is under arrest there, charged with being the "master mind" in the sensational $2,000,000 mail robbery at Rondout, Ill., in June, and of other huge mail robberies. The suspicion of his chiefs was aroused when he requested the Chicago Police Department to cease its investigation so that he could work unhampered. He is shown here examining one of the gas masks furnished mail clerks after poison gas was used in the Rondout robbery.

Do You Cough?

San Antonio, Texas—"We have used Dr. Pierce's Golden Medical Discovery in our family for coughs and bronchial trouble and it gave entire satisfaction. I am a practical nurse and have found the 'Golden Medical Discovery' to be of great benefit to those recovering from sickness which had left them in a weakened condition. It enriches the blood, improves the appetite and aids digestion. I can conscientiously recommend this medicine."—Mrs. C. E. Smith, 230 E. Dittmar Ave.

"For Mexia, I WILL"

THE EDITORIAL OF THE DAY

AROUND OUR TOWN.

(Fairfield Recorder).

"Two men looked out from behind the same bars,
One saw the mud, and the other the stars."

The day was Saturday, and the building was a tall, wooden structure North of the square. Many people went in and out of that building all that day. Business men, farmers that had climbed down from their cotton wagons. Housewives that had come from their kitchens. Old men who had seen many such days come and go. Young men who were entering the polls for the first time. They were the voters of Freestone County, our voice for our government, and our laws, and our standards of public life. How great is the responsibility of the voters!

It is the time of the year now when "Texas, The Land of Cotton," enters gloriously into her own. In spite of the drouth that has held unbroken sway during the long, hot summer, the long, hot summer, the cotton has struck its roots deeps, and held its own. The fields are whitening now, and up and down the long rows the pickers go with the long dragging sacks, and flying fingers, knowing that a water jug is waiting at the end.

We sponsor advertising. Therefore we approve heartily of the three foot sign consisting of three enormous black letters on a snowy space of a little store front, whereby Sambo announces publicly, enthusiastically, to Fairfield, and the world in general that he sells ICE. There is no doubt about it. We find it a great comfort, when the hour waxes the hottest, to look out across the dry streets, and the dull grass, and know that he does. The dry goods, and the clothing, and the shoe signs find no favor with us in a Texas August. Biased, and prejudiced, and unreasonably we are in favor of ice.

A recent trip over the Fairfield-Teague road deepens our enthusiasm in the new road that has been promised us. It is still a beautiful vision but any reasonable person must remember that the vision must exist before the reality. In spite of the fact that the vision doesn't lessen the strain of our shock absorbers when we have an uncontrollable desire to visit our neighbor city, we still keep our faith and thrill when t he surveyors journey by.

NOT STUPID—HANDICAPPED.

Failed against! His parents were notified and worried at his frequent failures in his examinations. He seemed bright enough. He was not a shirk. What could they do?

They had his eye sexamined—fortunately, for the examination disclosed a form of defective vision easily corrected by glasses. On the very next school test the work of this apparently backward boy showed such progress that he was promoted with high honors. (Weekly Bulletin of the Department of Health, City of New York, June 25th, 1921.)

Think how glasses changed this boy's life.

He was given his chance before it was too late. But what of hundreds of thousands of other children who appear to be stupid, who fail in their school work, because they need spectacles? Their constant effort to see properly wastes an excessive amount of their nerve energy and will handicap them in later life.

A scientific eye examination is the only way to assure yourself that your child's eyes are normal. And the wearing of spectacles to correct defective vision in early years may make it unnecessary for them to be worn in later years.

But the responsibility is yours. Defective eyes will retard any child's progress in school. And a scientific eye eamination is the only way to be sure that eyes are normal. Have your child's eyes examined now.

"SPECIAL DAYS" DESIGNATED FOR STATE FAIR OF TEXAS

THE EVENING SILHOUETTE WIDENS AT THE BOTTOM

NOTHING could be simpler than this evening frock of "vert d'eau" (water green) Crepe Chenette. From the back in fact, it could be the party frock of a boarding school miss, were it not for the exception (a big one we must admit) of the very low decolletage and its extreme sleevelessness. But, this little dress derives its success chiefly from the piquancy of its combination of simplicity and sophistication.

Moreover it proves itself not only of the minute but also in advance of it, by the new silhouette slightly widened at the bottom, and with shaped flounces, which we are promised for the fall. A late cable, received by Henri Creange, Cheney style leader, from the Paris opening of Chanel, states:

"The general silhouette is dresses slightly widened at the bottom. Dresses have pleated sides, pleated and shaped aprons, panels, shaped flounces,—sometimes several wide or narrow ones over each other, irregularly disposed——— "

Such trimming as there is in this frock is disposed at the front. The upper flounce is extended into a panel, and is embroidered in silver, forming a charming color combination with the delicate green of the crepe. A silver banding outlines the double decolletages, and, by the way, whenever the square neck appears on a Parisian creation, it is usually found to dip lower at the back than the front.

You will observe the new short length of the dress. Such little dance frocks as these may well sponsor a revival of elaborate dance steps, for their fullness, shortness and airiness of material give freedom to the movements.

NEW EXHIBIT BUILDING AT STATE FAIR OF TEXAS HEARTILY APPROVED

J. B. Graham of Waxahachie president of the County Exhibitors' Association, has passed approval on the new Agricultural Building at the State Fair of Texas to be used for the first time at the 1924 State Fair, Dallas, Oct. 11-26.

"It is a wonderful addition to State Fair equipment," Mr. Graham said, "and will permit the demonstration of Texas' agricultural advantages to the maximum."

J. A. Moore of Grand Prairie, has been named superintendent of the Agricultural department, and will be in charge of the new structure. Mr. Moore was formerly in the government agricultural service and has had years of experience in the work.

..... Many Counties Get Space. .....

Twenty counties have already been assigned space in the new building. Among them is Hale, first prize winner iin 1923, and Col. R. P. Smyth will again "chaperone" the exhibit. It will come by automobile truck from Plainview, more than 700 miles. Col. Smyth is a veteran exhibitor, and predicted, after seeing the new building at the State Fair, that fully 100 counties would have exhibits therein by 1925.

The exhibit booths are all uniform —14 feet wide, 10 feet deep and 9 feet high, from exhibit platform to top. At the front, the booths are eighteen inches in heighth, rising gradually, to a eighth of 3 feet 6 inches at the back. This incline permits the most advantageous display of the exhibits.

Executives will be at the Fair on Saturday, Oct. 18. That day is also "All College Day," University of Texas Day and Congress of Mothers' Day.

SERMON ON MODERN DANCE AT BAPTIST CHURCH SUNDAY NIGHT

After a big sing-song and some special music consisting of a beautiful organ solo by Mrs. Ira Needham, an impressive Saxaphone solo by Mr. Scott, the audience was very appreciative. The fellowship was splendid, every one seemed to be in a good humor. Speaking to the capacity of the auditorium the attentive listeners heard the following sermon:

SERMON ON THE DANCE.

Scripture Matt. 14, the dance before Herod. My friends, we are not making a fight on individuals. This fight is on an institution that is carrying away from the church, away from Christ and away from holy living hundreds of people every year. We hold in our hearts no malice or hatred against any individual who dances. We shall endeavor in this discussion tonight to present the evils of the dance in such a fair and true spirit of love that the christians will be led to take the more excellent way. We would not say that no decent man or woman would dance; neither would we say that every man or woman who dances drinks and goes into other sins, but we do believe that we should make a plea for the lives of hundreds of our children in this church and other churches of our city who are being led to believe and think that the dance is perfectly all right. A mother said to me some time ago: "Please do not ever estimate the evils of these things again." This was after a serman on the danger of worldly amusements. There wss a peculiar meaning in her tone of voice and by little and yet with a hesitation becoming a true woman she gave me parts of a story which had crushed her own heart. She told me of her child only fifteen years of age whose life had been ruined and wrecked because she had withheld from her the whole truth concerning these wroldly amusements, and it is my purpose tonight to endeavor to get the mothers of this congregation and of our city to realize the evils that are confronting their children and friends every day. I believe that I am in a position to know something concerning the dance as I have in years gone by taken a part in this amusement myself. I was reared by a Godly christian mother and father who taught me and all my brothers and sisters that it was harmful to dance and take part in other worldly amusements. After leaving home for the University of Alabama and coming into contact with hundreds of young men and women from all over the State they persuaded me to go with them to the fraternity houses and take a part in the dance. Going to Sunday School and Church as I always did I learned that most of the people of the church attended the dances. Naturally I began to think that my mother and father were old fogy, so while visiting in the home of one of the members of the church I learned to dance. For some time I continued to go to these dances until at last I was offered a drink of whisky. Since a child whisky has always been repulsive to me and I said if this is what the dance leads to I'm through and from that time on I have studied the dance and dances from every viewpoint. I have visited the chief cities iin twenty-two different states and have studied the social conditions and especially from the dancing position and I have yet to learn of any good that has ever come from this amusement. I want to say further that I am not holding up a double standard, I believe that the young man should live just as clean and pure a life as he expects the young woman that he shall some day ask to become his wife to live.

How does the dance begin? It begins, my friends, as all other sins in a small way. The disease of leprosy begins with a little white spot the size of a pin on a person's body. This continues to grow until it eats off a hand and then an arm and so until it eats up the whole body. So it is with the dance, the mother says that I want my girl to be popular, I want my girl to be graceful. Many times from a child she will give her dancing lessons and insist that she dance and take a part in all of these worldly amusements so that she will be popular and never have to be a wall flower. The young woman that we have just read about in the 14th chapter of Mathew was led on to dance by her mother. The Bible tells us that she danced before Herod and it pleased him. She was one of the modern syncopated steppers with emphasis on the syn. Of courses, this pleased Herod. It is always pleasing to any carnal minded, unregenerated human being. It pleased him so well that he promised her that he would give her anything that she desired. Her mother told her to ask for the head of John the Baptist. Herod sent immediately and had John the Baptist's head cut off and brought in on a silver platter. She desired his head because John had been preaching God's word and told her of her sin and it hurt so deeply that she wanted revenge. God forbid that any of our true, pure christian mothers would insist on their daughters taking a part in these things that would hurt their influence and their lives and the lives of many others.

"Whatsoever a man soweth that shall he also reap.' If you sow the decanter on the sideboard you will reap a thirst for liquor; sow a saloon and you will reap a crop of drunken sons and sons-in-law; sow the card table and you will reap a gambler in your home; sow the square dance and you will reap the round; sow the parlor dance and you will reap the ball room; sow the ball room and reap the brothel with all of its horrors, broken hearts blighted homes and ruined lives. If we sow oats we certainly shall not reap wheat; if we plant thistle seed we need not expect to gather tube roses. The devil never did a better piece of work for hell than when he persuaded the young man and young woman that he and she must sow their wild oats; for well he knew that "whatsoever a man soweth that shall he also reap." Of course, there are those who object to any preacher taking a decided position on this question, but such are usually those who are absent from prayer meeting, lacking in spirituality, easiest offended because of their pride and who are continually becoming stumbling blocks in the way of others as well as a constant occasion for grief to the pastor.

Some say that the dance is natural. Say what we will about the dance it is not natural for a true and pure modest woman to put herself in the embrace of men who have no right to that privilege. No man is willing for his loved ones thus to allow a crowd of men each in turn to have his arms about the wife of his heart or the sister or daughter in whom is his delight. If we are not willing that such privileges should be granted by those of our own homes then we should be manly enough to refuse to take an advantage of the daughter or sister or wife of another. Cicero said no one dances unless he be either drunk or mad. Any how it seems that insane asylums usually have a ball room for the inmates.

Dancing leads to drinking. We have here tonight, if Bro. Harper will please bring it forward, a large suit case full of empty whisky bottles gathered at the Reunion Grounds after the Jack Gardner dance last Firday night a week ago. Most of these whisky bottles are prescriptions filled by drug stores in and around this County. I am evry happy to say that most of them are not filled by druggists in Mexia. I shall not take your time in going into the conduct of this dance or of other dances that have been held both there and in homes and other places in and around Mexia. Those who were there say that it was not a very nice place for christian people to be. I am not saying that those who were at this dance were all drunk or even that all drank, but I do know that a number of them there partook of the contents of these empty bottles. Again I say the dance leads to drinking.

But some one says the dance doesn't hurt me. I give the following statistics compiled by three bureaus. Three-fourths of the people who dance drink and out of five hundred thousand of these give the dance direct credit for their down-fall. My friends, I am pleading with you tonight for the sake of those that it does hurt, and although you are strong enough to withstand all the others evils that accompany the dance yet will you not give it up for the sake of those whose lives are destroyed by it. I am pleading with you tonight that you hear the words of God on this subject. "Love not the world, neither the things that are in the world, for if any man loves the world the love of the Father is not in him." "Come ye out from among them and be ye separate. "If ye love me, keep my commandments." Paul says "All things are lawful for me, but I will not be brought under the power of any." Then my friends if you see that this evil or any other evil is enslaving you, you should immediately give it up. Again he says "If eating meat causes my brother to stumble I will eat no meat as long as the world stands." You havn't a moral right to continue in anything that is causing hundreds of people broken hearts and ruined lives. Again Paul says: "If there is any doubt I will not eat, for if I eat when I doubt I am sinning." Young people, if there is any doubt in your minds about any amusement take the safe side and leave it off.

The dance is unspiritual. If immoral, of course, it is unspiritual. Many of the unconverted who, fascinated by this evil as by others remain unsaved. They feel that to become a christian and continue the dance would be wrong; they feel that a professing christian who dances is either a hypocrite or a very inconsistent christian. When have you ever seen a real soul winner who was a dancer. I quote from the Baptist Standard which says: "We have looked for years for a person who is a continual dancer and who is a real soul winner. The two cannot go together. Many have tried it and failed. River fisherman catch herring with what they call a gill net. The net is fastened to stakes and is set up like a tennis net. The meshes are large enough for the fish to pass through until they get to a certain size and then finding themselves unable to pass through they try to go back and are caught by the gills. The devils fishes with a society net so arranged that its devotees pass through unhurt seemingly for a time, but finally they find themselves caught in the meshes of it, while the new recruit swims on by saying—"it will never be so with me."

In conclusion I would like to say a word to the mothers and fathers. How are we going to keep our young people from dancing and taking a part in other worldly amusements that we do not believe are helpful. The biggest thing that we have to do is to give them something better. Last Monday evening here at the church we had a wonderful time together through the earnest efforts of our fine leaders in our B. Y. P. U.'s. We had interesting, laughable and entertaining program. We shall have more of these. In place of so many of the people critising the young people they should throw open their homes and their pocket books to them and give them something that will elevate and edify. I believe that we should as Baptists have a large educational building built here on this same lot. In this building we would have a number more Sunday School rooms which we are at the present time badly in need of. We would have reading rooms for our young people. We would have a gymnasium and swimming pool where our girls could go in at one time and boys at another. I want to let everybody know that I am for the young people. I believe in them. I love them. I sympathize with them in all of the fights that they are having to make and I am first, last and all the time for our young people. Let us then, my friends, open our doors, our hearts and our pocket books and continue to pray, to help, to encourage and to give our young people something worth while. The greatest test that I had was when I heard the voice of my Savior say "Lovest thou me more than these." Let these words of Jesus search every heart present tonight and if there is sin there that you are holding on to tonight give it up, turn to Christ and say with the beloved disciple "Yea, Lord, thou knowest that I love thee." I want every man and woman, every mother and father, who tonight says I endorse what you have said and will give my prayers and all the help that is within my power to discourage the dance and to stand by our young people with all the love that is within us. (A large number stood). Now while you remain standing I want every boy and girl and young person who will say by the help of God, I will not dance or if you have danced, I will, with the help of the Lord, abstain from dancing from this night on. (A large number stood). Let us all stand and have a word of prayer, asking God to bless and lead us all as we try to follow him. Are there those now who will come professing Christ? (A fine man who had in the beginning of the service rendered a beautiful Saxaphone solo came forward taking his stand for Christ.) "May the Lord bless you Brother Scott and use your talen for the salvation of many others. May the grace of our Lord Jesus Christ be with you all.

Flying Squadron To Solicit Fund To Finish Stadium

AUSTIN, Texas, Sept 1.—Campaigns will be opened in over eighty Texas towns during the month of October for the purpose of raising additional funds with which to complete the Texas Memorial Stadium, now being built on the campus of the University of Texas, it is announced today by William L. McGill state chairman of the drive committee.

McGill predicts that with cooler weather, the return of summer vacationists and the revived interest in football that is sure to come with the opening of the training season, the people of the state will readily respond to this appeal and that little trouble will be experienced in raising the additional $200,000 needed for the completion of this project. This is the amount needed, it is asserted, to complete work planned for the immediate future and will provide funds for additional seats, the preparation of the grounds surrounding the stadium and will enable stadium directors to prepare for future construction.

With over $400,000 already pledged it is thought that little trouble will be experienced in raising this sum during the months of September and October.

Persons making subscriptions to the stadium before November will be entitled to choice seats in the new stadium for the opening game on Thanksgiving, it is pointed out. Under the plan approved by the Athletic Council of this school, persons who subscribe $50 to the stadium are entitled to purchase two choice seats for this game, those subscribing $100 are entitled to four choice seats and additional seat is alloted for each hundred dollars subscribed in excess of $100.

According to McGill, there are about forty towns in the state where organizations have been set up and where preliminary work of raising funds has been done. There are about forty-five other towns in which local drive chairmen will be appointed and in which intensive drives will be conducted.

Follow-up work will also be undertaken in some of the larger cities of the state where campaigns were conducted during the spring.

In the spring campaign there were forty towns making reports. These reported a total of $108,698.50 from 1,245 subscribers, an average subscription of almost $100. Many of the chairmen in these cities reported that they would re-open their campaigns in the fall and would add their totals at that time. Campaign leaders in Dallas have expressed determination to stage a second campaign, declaring that the campaign in that city in the spring was only preliminary.

A "Flying Squadron" of prominent ex-students will be organized to aid in the campaign by visiting the larger towns in which campaigns are being conducted, and to interest other influential men and women of the state in this effort to build a suitable memorial to the Texas men and women who took part in the World War.

Carl Webb, chairman of the all-campus stadium committee, has planned to open a short campaign on the campus during the month of October in order to give the freshman class a chance to subscribe to the stadium. Webb predicts that the freshman class will subscribe at least $10,000.

Though no definite date has been set for this phase of the campaign tentative plans are to begin it as soon as the work of collecting the pledge payments coming due on September 1 is out of the way.

Mrs. Oates Thanks Her Friends.

I wish to thank my many friends for their loyal support during my years of public service. Their allegiance and kindness have made my work pleasant and have aided me in performing my tasks efficienty. I leave my work knowing that I have given my best service to my county, and that in my campaign I have used no foul means of securing votes. I do not hold malice toward those who have misjudged and misrepresented me but leave that to their own consciences.

As a true Democrat, I gracefully accept the will of the majority, and shall try to believe in the old adage that "It's an ill wind that blows nobody good."

Sincerely,
MRS. LULA OATES.

BLACK CATS WILL BREAK CAMP ABOUT FRIDAY

Howard Hale, Clyde Keeling, Phil Hoelzel, and Jimmie Locke returned Monday night from Lampasas where they spent Sunday and till Monday noon with the Mexia Hi Black Cats in their football training camp in the outskirts of that town.

They stated that the boys had plenty work to do but were all eager and willing. The swimming hole afforded them good action for the water was icy cold, and that they gave the table trouble when meal time came.

The following program is being followed for the week: Arise at 5 o'clock and have three hour work on the field, then a swim and then breakfast. Rest until noon and then give the table fits, a little more rest and then fight the football for three more hours. We have a swim and supper and "lights out" at 9:30.

The Cats will break camp about Friday and return ready to start work. It was also stated that they would scrimmage the Lampasas Hi squad Thursday afternoon.

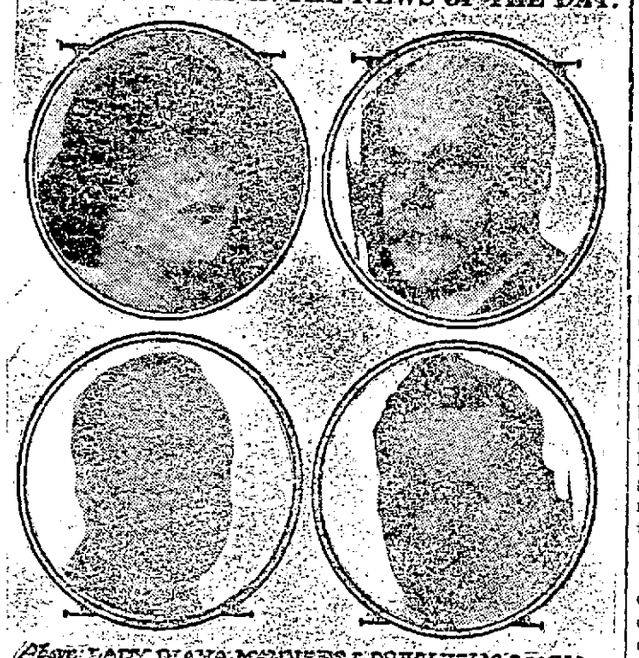
CHIEF FIGURES IN THE NEWS OF THE DAY.



Above: LADY DIANA MANNERS & DR WILHELM MARX
Below: R.V. INGERSOLL & WALTER JOHNSON

Chancellor Wilhelm Marx, of Germany, won a great victory when he forced the Dawes reparations plans through the Reichstag, together with all the bills to put the plan into immediate effect. Walter Johnson, famous pitcher of the Washington Club in the American League, was injured in New York City when hit in the head with a batted ball and was compelled to retire from the game. Raymond V. Ingersoll, New York City attorney, has been appointed impartial chairman of the cloak and suit industry, at $20,000 a year. Strikes have been so numerous among the hundreds of thousands of workers it was decided to appoint a "Judge Landis" for the industry. Lady Diana Manners, who will reappear in "The Miracle" in New York City, was a constant ship companion of the Prince of Wales on the Berengaria.

Framed pictures of well known subjects—"Age of Innocence," "Miss Simplicity," "Modern Madonna," "Boy with Torn Hat", "English Gardens," "Spring-time, "Dance of the Nymphs," and copies of the old masters at $1.50 and $2.00 each. McSwane Flower and Gift Shop.

"ALL-NEW FAIR" WELL DESERVED BY 1924 STATE FAIR OF TEXAS

That the titile "All-New Fair" will be well deserved by the 1924 State Fair of Texas, Dallas, Oct. 11-26 is the verdict of all who have studied the program for the thirty-eighth annual exposition, now practically complete.

Utmost praise has been given the new interior of the main exhibit building, which is in replica of a Spanish village, with the distinctive Moorish style of architecture preserved thruout. It is the most unique as well as the handsomest building of its kind anywhere. The new Agricultural building—the former Coliseum—will house hundreds of agricultural exhibits of every description, and being located directly at the entrance to the grounds, thousands will see them and more than ever realize Texas' agricultural importance.

BI GDAIRY SHOW.

There is to be a most comprehensive dairy show, in keeping with Texas' development as a dairying State. In connection there is to be a government display more complete than any ever brought south.

The program for the thirteen-day running race meet has been completed, and entries are already in from owners of some of the best horses in the country. There wil lbe four big stake events of $1,000 and over each, and six races every week day.

Complete, comprehensive and instructive displays of implements, machinery, farm power plants and other appliances will be of keenest interest, and the amusement program is the ambitious in years.

Prospects for the great live stock show are for the most magnificent display ever seen, and the same is true of the poultry show, wherein more than 5,000 prize birds will be on display.

In the annual State Fair automobile show, the very latest in automobile developemnt will be displayed in hundreds of brand new models, and manufacturers' "action" displays in

Reventlow Threatening Allied Envoys.

COUNT REVENTLOW

Count Reventlow, leader of the German Monarchists, declared in Berlin that if the Government agreed to the Dawes reparations plan without the consent of the Reichstag the people would tear the protocol up as "a scrap of paper," and that the Hitlerites would treat foreign commissioners as "enemy invaders whose personal safety could not be guaranteed."

the same building will hold interest for thousands.
